

Dongguan Riteng Industrial Co., Ltd was founded in 2008, is a customized manufacturer of all the extrusion and injection plastic profiles and pipes, located in Qiaotou town Dongguan city Guangdong province China. The independent factory workshop covers an area of more than 5000 square meters with more than 100 employees.

Our company has passed ISO9001 quality management system certification (certificate number: CI/134571Q) and SGS certification (certificate number: QIP-ASI172562). In our factory, there are more than 20 domestic and overseas advanced production lines of plastic extrusion molding and injection molding. Besides, we have own mold factory, we do not need to rely on other mold factory, and we have our own mold development technology to independently develop and manufacture plastic extrusion and injection mold, professionally produce all kinds of LED lampshade and tube, PC lampshade and tube, PMMA lampshade and tube, and a variety of PC/PP/PE/PS/PPO/PVC/PMMA/POM/POK/PETG/ABS/ASA/TPU/TPE/TPV/TPR/NYLON and other plastic extrusion and injection profiles and pipes.

Our products have beautiful appearance, multiple functions, simple operation and other advantages, and are widely used in light-fixture, decorative lighting, furniture, construction, kitchen cabinets, interior decoration, photo frames, automotive industry, electronics and other industrial and household items. At present, our products have been exported to Japan, South Korea, Taiwan, Russia, the United States, Britain, France, Germany, Holland and other countries and regions.

In the past few years, with many years of production experience, exquisite technology, strict quality system, professional sale team, reasonable price, timely delivery, our company has developed and grown. We will continue to create brilliant, and we will develop steadily in the spirit of continuous innovation, better quality and service with our all customers.
